

## The Medics against Violence initiative

Dear colleagues

Many thanks for the interest you have shown in Medics against Violence, a health led initiative that will attempt to change youth attitudes to violence in Scotland. We realise we have our work cut out for us, but with your help we hope to make a change.

If what you have heard and read about Medics Against Violence has appealed to you and you would like to sign up to participate in the programme, please complete the form below. We will be keeping a database of doctors so that when schools request a visit we know who we can contact. Please provide us with your most reliable contact details.

We are extremely grateful to you for your support.

Christine, Mark and David  
Christine Goodall, Mark Devlin, David Koppel
